Policy Document  
for  
Environment and Energy Usage

# Policy Document on Environment and Energy Usage

The College is firmly committed to sustainable development across all its functions and activities. This policy aims to guide environmentally responsible energy usage and resource management, embedding sustainability into our institutional ethos.

## **Policy Statement**

The primary goal of this Environment and Energy Usage Policy is to manage energy and environmental resources in a structured and efficient manner to minimize ecological impact. The policy is applicable to all institutional units, stakeholders, and operational activities.

The College aspires to cultivate a Clean and Green Campus by promoting eco-conscious practices and sustainability initiatives within and beyond campus boundaries. Emphasis is placed on effective waste management, water conservation, and the exploration of renewable energy sources to mitigate environmental challenges.

This policy aims to instill environmental consciousness and efficiency in day-to-day practices, fostering a culture of accountability in conserving natural resources and promoting sustainable development.

## **Objectives**

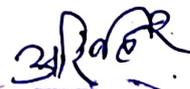

- To raise awareness about environmental issues and sustainability.
- To foster responsibility for energy conservation among all stakeholders.
- To implement efficient and sustainable waste management systems.
- To reduce waste generation across academic and administrative activities.
- To adopt and promote water conservation and management practices.
- To encourage and expand green initiatives on and off campus.
- To maintain cleanliness and ensure a hygienic campus environment.
- To provide a pollution-free, health-supportive academic setting.

## **Implementation Plan and Key Focus Areas**

To achieve the objectives outlined above, the College will focus on the following core areas:

### **A. Energy Conservation and Management**

- Installation and use of energy-efficient LED lighting across campus.
- Adoption of power-saving equipment and technology.
- Display of "Save Energy" awareness posters at key locations.
- Maximizing the use of natural lighting and ventilation wherever feasible.
- Ongoing evaluation and improvement of energy consumption practices.
- Allocation of necessary resources to support energy goals.

  
प्राचार्य

स्व० दयाशंकर पटेल महाविद्यालय  
कैथा गाजीपुर, महोली (सीतापुर)

## **B. Waste Management (Solid, Liquid & E-Waste)**

- On-campus segregation of waste at source.
- Implementation of the 4R principles: Reduce, Reuse, Recycle, and Refuse.
- Minimization of overall waste generation.
- Installation and use of sanitary napkin incinerators and disposal units.
- Preference for eco-friendly materials in packaging, décor, and gift items.
- Conducting "Best out of Waste" activities to encourage recycling.
- Reducing paper usage through tech-enabled administration and teaching.
- Development of a structured waste management system.

## **C. Water Conservation and Management**

- Utilization of rainwater harvesting systems and recharge pits.
- Regular maintenance to repair leaks and ensure efficient water use.
- Plantation of native and drought-resistant flora across the campus.
- Display of "Save Water" awareness signage.
- Organizing water conservation campaigns for students and staff.
- Replacement of old fixtures with water-saving devices.

## **D. Clean and Green Campus Initiatives**

- Maintaining a healthy green cover with native trees and plants.
- Organizing tree plantation drives periodically.
- Formation of a Nature Club to engage students and staff in environmental efforts.
- Encouraging the use of bicycles and public transport; promotion of pedestrian-friendly pathways.
- Ensuring overall campus hygiene and sanitation.

## **E. Paperless Operations**

- Transition to a digital-first approach via e-office systems and digital communication.
- Use of cloud-based storage systems (e.g., Google Drive, NAS Servers).
- Utilization of digital platforms like WhatsApp and Google Classroom for academic communication.
- Active presence on digital platforms such as Instagram, YouTube, and a fully functional college website.

## **F. Elimination of Single-Use Plastics**

- Enforcement of a ban on single-use plastics across campus.
- Conduct awareness programs on the harmful effects of plastic pollution.
- Promotion of sustainable alternatives such as cloth and jute bags.
- Preference for eco-conscious products for all institutional events and ceremonies.

## **G. Environmental Awareness and Activities**

- Integration of Environmental Education into the academic curriculum.
- Organizing green literacy programs, awareness drives, and sustainability projects.

  
प्राचार्य  
स्व० दयाशंकर पटेल महाविद्यालय  
कथा गाजापुर, महाराष्ट्र (जिल्हा ३७)

- Encouraging student-led environmental initiatives, including fieldwork and internship-based projects.
- Engaging faculty, staff, and students in eco-centric activities and campaigns.

#### **H. Disaster Preparedness and Risk Management**

- Conducting awareness and orientation programs on disaster response.
- Establishing early warning communication mechanisms.
- Designation of safe assembly zones in case of emergencies.
- Development of community support mechanisms during and post-disaster events.

#### **Conclusion**

This policy shall be communicated to all stakeholders, including students, faculty, staff, and administrative personnel. Regular reviews and updates will be conducted to align with evolving environmental standards and institutional needs.

All members of the College community are expected to adhere to this policy and contribute actively toward building a green, clean, and sustainable campus environment.

## POLICY DOCUMENT ON THE GREEN CAMPUS

Sw Daya Shankar Patel Mahavidyalaya is a quality conscious college. It protects its own environment with its green campus initiative and keeps pollution free campus. Environment development is its basic work with the educational policies implemented on the campus. The green atmosphere of the college is largely due to tree plantation. There are different types of trees and plants in the campus. Trees have nearly covered the fencing area. They help to maintain the ecosystem. Planting of saplings by the Management, Principal, Teachers, Students and Staff at various functions inbuilt an eco consciousness in the college practices. Planting a large number of trees in the villages is one of the regular features of the NSS Camps. The trees are planted in the villages by the NSS volunteers and also at the places from where the fetches the admission is a remarkable to the college.

### Our environmental policy:

- To create awareness regarding environmental policy amongst the students, management and nearby villagers.
- As per the govt. rules and regulations regarding the instructions of tobacco free campus signboards are displayed at various places on the campus. Pollution free campus is maintained by avoiding tobacco, pan-masala, chewing on the campus.
- To sensitize the students and staff regarding the use of drinking water properly for which, we have provided purified (RO aqua-guard) drinking water facilities on the campus.
- To bring in use the 'Rain Water Harvesting' on the campus. We have collected the rain water from the college roof and it is percolated in the land through bore well.
- Circular by Principal every year regarding use of public transport or carpooling or use of bicycle. It helps to save the fuel, avoids the environmental pollution.
- To maximize the use of ICT and minimize the use of paper. It will help to go towards 'Paperless Office'.
- To use the solid waste through vermin-compost on the campus and use it as a fertilizer.
- To reduce the 'sound pollution in the campus, we have built the seating arrangements in the shade of trees in our campus.
- To use 'Use me' Dry and Wet dust bins in the college campus so as to keep college campus clean.
